

Sistema de cabezales universales Euro catálogo

con cuchillas de respuesto

UFC 2023

POR QUÉ STEHLE

Stehle - es Fiable

Ya desde hace 100 años Stehle suministra a sus clientes herramientas técnicamente elaboradas - tanto a los aplicadores como al comercio. La empresa Stehle está famosa para cabezales altamente y económicamente precisos para el trabajo de madera dura.

Stehle - un producto de calidad con una clara visión de mercado

Una óptima relación calidad- precio. Una herramienta de alta calidad. Detrás de la marca Stehle se esconde una red de ventas y de producción profesional en todo el mundo.

Stehle - el socio óptimo para el comercio industrial

Tenemos muchos artículos en existencias para su entrega inmediata. Además, muchas herramientas que no están en el catálogo se pueden suministrar. Además, las herramientas también se pueden producir a como herramientas especiales.

Stehle - trabaja continuamente para mejorar

La calidad y la seguridad son de suma importancia. El grupo Stehle las garantiza a través de la certificación ISO.

Stehle - un buen y variado programa

Con sierras circulares, fresas, fresa finger joint, cabezales con cuchillas reversibles, fresas y brocas para, máquinas CNC, herramientas de diamante y herramientas portátiles. Les ofrecemos un amplio programa de productos. Nuestros conocimientos sobre herramientas y producción se mantienen al día gracias a la formación.

Estamos a su disposición para cualquier duda que le pueda surgir.

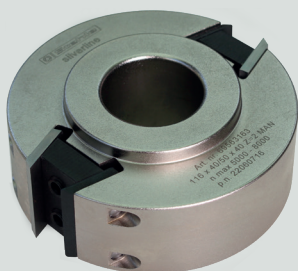

Su equipo Stehle

ÍNDICE

Sistema de cabezales universales Euro		Página

Standard

Producto

Ejecución

Máquina / Aplicación

- fresadoras de mesa (avance manual)
- para perfilar madera blanda y dura (madera maciza no encolada)

Ejecución

- cuerpo base de acero
- cuchilla de acero SP
- ncl. cuchillas para hacer galces, Deflectores
- ncl. cuñas, tornillos yllave

Ventajas

- Stehle dispone de varios juegos de herramientas en el programa Página 5

Indicaciones

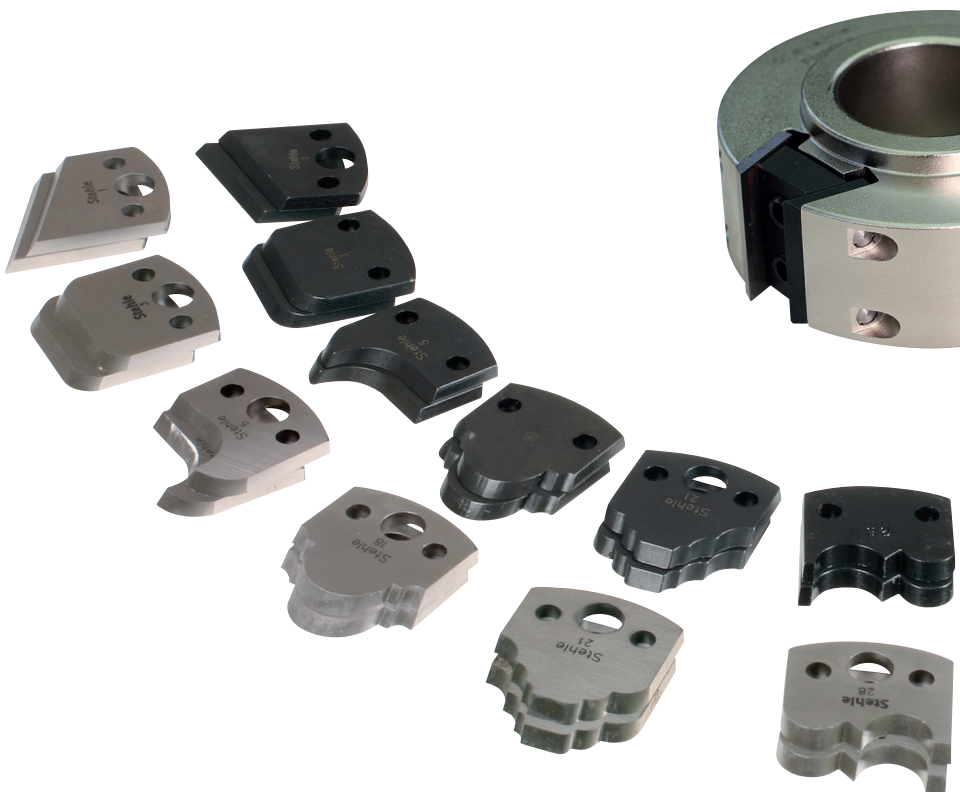

- **Instrucciones de procesamiento:** Instale siempre las cuchillas de moldeo con el deflector correspondiente.
- En el cabezal de corte 69563162 sólo pueden instalarse cuchillas y Deflectores de 40 x 4 mm. En los demás cabezales de corte, las cuchillas y Deflectores 40 x 4 mm y 50 x 4 mm).
- Espesor de la hoja y del deflector 4 mm otros espesores no permitidos

HSS Cuchillas sin perfilar

VP = 6

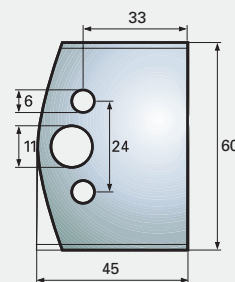

Producto

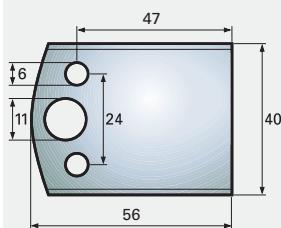

B= 40 mm

B= 50 mm

B= 60 mm

características del producto

B [mm]	L [mm]	d [mm]	Profundidad del perfil (T) max [mm]
40	45	4	19
40	59/56	4	30
50	50	4	24
50	59/56	4	30
60	45	4	19
60	59/56	4	30

Indicaciones

• Atención
Las cuchillas de nuestros cabezales Silverline deben rectificarse de 59 mm a 56 mm (debido al montaje estándar MAN).
